CLAIM ADJUSTMENT REASON CODES (CARC) & REMARK CODES (RARC) ON THIS CLAIM

Code	Type	Meaning & Audit Trigger
CO-45	CARC	Fee schedule adjustment. Contractual write-off — patient not responsible.
CO-97	CARC	Bundled service — procedure already included in another adjudicated code. ■ Triggers unbundling audit.
CO-50	CARC	Not medically necessary. Payer rejected — requires clinical documentation appeal. ■ Triggers necessity audit.
CO-11	CARC	Dx–procedure mismatch. ICD-10 code does not support billed CPT. ■ Major coding audit flag.
CO-197	CARC	Prior authorization missing. Full denial — retro-auth required. ■ Triggers authorization audit.
CO-4	CARC	Missing/invalid modifier or excess units. ■ Triggers unit-count and modifier audit.
MA01	RARC	Alert: Appeal rights available. Provider may submit documentation to contest.
N19	RARC	Additional information required to adjudicate claim.
N30	RARC	Prior authorization required — initiate retroactive authorization with payer.
M15	RARC	Bundling: services have been bundled per applicable payment methodology.
N115	RARC	Decision based on Local Coverage Determination (LCD). Request copy from MAC.
